

## DHM DESIGN

# SAM CARPENTER

Designer

*Sam's first experience with DHM was a summer internship in 2016. After his internship, he graduated from CU Denver with a Bachelors in Architecture, and completed another internship with 57Studio, an architecture firm in Santiago, Chile. Sam started working full time for DHM in the beginning of January, 2018. He grew up in Carbondale, CO and loves the diversity a small town has to offer.*

## ABOUT

### EDUCATION

B.S Architecture,  
University of Colorado, Denver, 2017

### RECENT PROJECTS

100 East Francis; Aspen, CO  
True Nature Yoga Studio; Carbondale, CO  
Crowhill Estates  
Aspen Valley Ranch; Aspen, CO  
Evans Residence  
Basalt River Park; Basalt, CO  
Eagle Rise Residential  
Frying Pan Ranch; Eagle County, CO  
855 Bay Street; Aspen, CO  
Glenwood Springs Recreation Master Plan;  
Glenwood Springs, CO  
Nichols Residence; Aspen, CO

## NOTABLE WORK

### Frying Pan Canyon Ranch | Eagle County, CO

DHM Design developed a master plan for this 143 acre ranch located within the Frying Pan river valley. DHM Design is working with The Aspen Valley Land Trust, which has a conservation easement on the property, to protect the riparian ecosystems and surrounding high desert habitat. Several restoration initiatives have been implemented on the property, including erosion mitigation, trail restoration, and the rejuvenation of mountain shrubland ecology that supports the local elk population.

### 100 East Francis Residence | Aspen, CO

DHM Design is providing site planning and landscape architecture services for this new residence in Aspen, Colorado. The overall site plan is influenced by geometries created by existing trees and the natural conditions occurring on the site, such as wind direction, solar access throughout the year, and views. The overall site plan incorporates a formal zen garden, outdoor pool and grill, lounge space, and garden plantings with perimeter trails. Other design elements include sculpture siting, opportunities for art installations, and a raised vegetable garden with a custom willow trellis and recommended 6 yr crop rotation specific to the Aspen climate.

### True Nature Healing Arts | Carbondale, CO

True Nature Healing Arts (TNHA) garden is a peaceful sanctuary, free and open to the public from dawn to dusk. The therapeutic environment incorporates several healing modalities, including a labyrinth, reflexology path, outdoor yoga space, outdoor massage area, and contemplative gardens. The movement between gardens and building is completely integrated and activity moves seamlessly from one area to the next. Designed to inspire, each element is carefully conceived and shaped to support the healing work undertaken at the yoga studio and spa. Each detail of the garden is carefully and artfully crafted. The drain tiles, set in clover lawn and created from vertically aligned sandstone slabs, line the edge of the tea patio to collect rain water.
